I do not propose to show before and after photos of the biscuit trolley!

Just what is Pete's lunch?  
answers on a postcard

A chance to sit down,  
eat chips, drink tea,  
eat biscuits and talk rubbish!

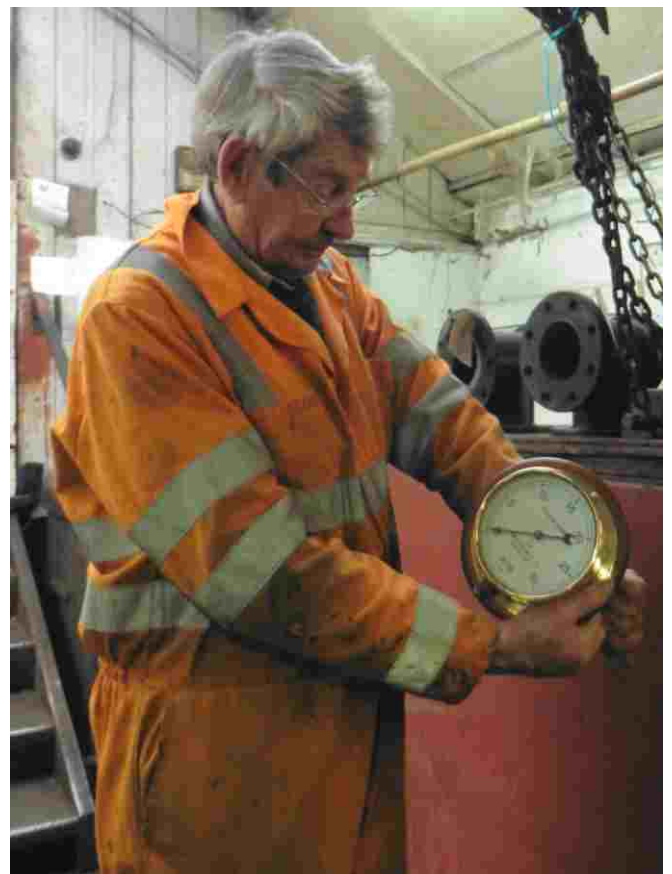

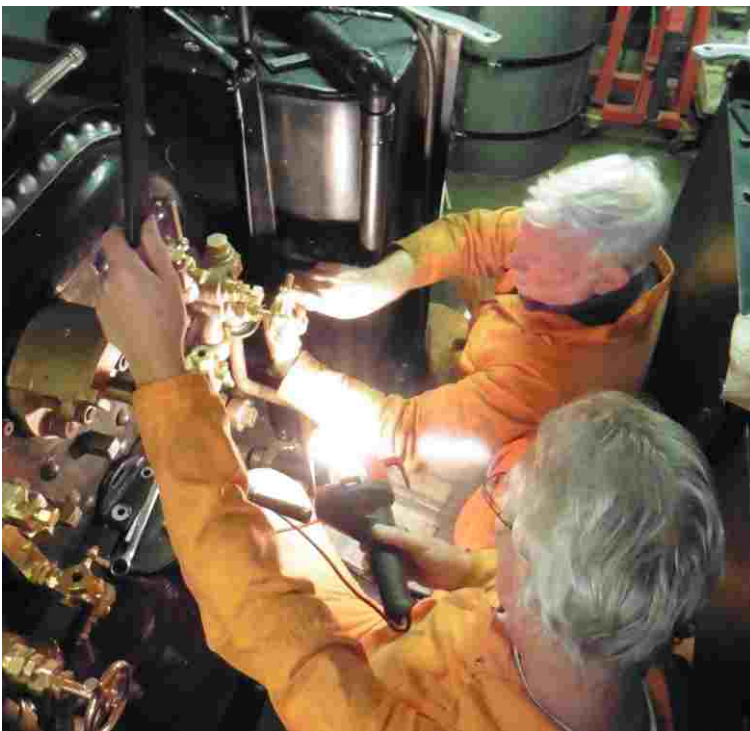

The workshop seemed like Men in Orange day

Dave and Paul making vacuum braking pipes

Mike painting, fixing gauges to wooden mounts, and checking if it is time for another cuppa

But the men in blue fight back:

Stuart makes a very elaborate aid for the construction of the front cab support

What's Cleggy doing?..... transpires he is making a special storage box for the big drills!
